NICHOLAS PRICE APPOINTED TO CABA BOARD OF DIRECTORS

October 1, 2001

CABA is pleased to announce the appointment of Nicholas Price of Honeywell to its Board of Directors.

Mr. Price is Vice-President and General Manager, Canada, Enterprise Service Solutions, a strategic operating unit of Honeywell's Home and Building Control business.

By joining CABA's Board, Mr. Price has joined an elite group of industry leaders who promote advanced technologies for the automation of homes and buildings in North America and throughout the world.

CABA's members include manufacturers, dealers, installers, telecommunication companies, energy utilities, builders, consultants, research organizations, publishers, educational institutions, governments and associations.

"The addition of Nicholas Price and Honeywell to the CABA Board of Directors is a great asset to our organization," said Ronald J. Zimmer, President & CEO of CABA. "His knowledge and expertise will greatly enrich the value of the Association and its membership."

Mr. Price provides leadership for sales and operations in automation systems, fire and security, energy retrofit and maintenance services for new and existing commercial buildings. He is also responsible for implementing new initiatives to maximize performance and meet customers' needs.

"By joining CABA's Board, we will assure that a strong voice is raised on issues concerning the ability of large buildings to provide more productive environments through automation," said Mr. Price.

Mr. Price has held a number of positions throughout his 15-year career with the company in sales and operations through branch, district, and national management roles.

Formally trained as an engineer, he holds an undergraduate degree from Lakehead University and an MBA from Queen's University in Kingston.

About CABA

The Continental Automated Buildings Association (CABA) is a leading industry association that promotes advanced technologies in homes and buildings in North America. More information is available at www.caba.org.

About Honeywell

Honeywell is a US\$25-billion diversified technology and manufacturing leader, serving customers worldwide with aerospace products and services; control technologies for buildings, homes and industry; automotive products; power generation systems; specialty chemicals; fibers; plastics; and electronic and advanced materials. Honeywell employs approximately 120,000 people in 95 countries and is traded on the New York Stock Exchange under the symbol HON, as well as on the London, Chicago and Pacific stock exchanges. It is one of the 30 stocks that make up the Dow Jones Industrial Average and is also a component of the Standard & Poor's 500 Index.
