CABA MAKES SUBMISSION TO FCC ON ACCESS BROADBAND OVER POWERLINE

October 8, 2004

On behalf of its membership, the Continental Automated Buildings Association made a submission to the Federal Communications Commission this week in regards to amending a proposed regulation that will govern new requirements and measurement guidelines for access broadband over powerline systems.

The ex parte statement, developed by the CABA Standards Committee, was submitted to the FCC on October 6.

The statement was endorsed by CABA Board member Ken Moriyama, VP, Strategic Technology Development for Leviton Manufacturing Co. Inc. and Ludo Bertsch, President of Horizon Technologies Inc., and chair of the CABA Standards Committee.

About CABA

The Continental Automated Buildings Association (CABA) is a leading industry association that promotes advanced technologies in homes and buildings in North America. More information is available at www.caba.org.
