Bob Allan**  
Global Business  
Development Manager,  
Intelligent Buildings  
The Siemon Company

**SIEMON**

### IBC Webinar

**“Environment, Social and Governance in buildings of less than 20,000 sq.ft” (30 min)**

Special 30 min Keynote Presentation by Energy Metrics

Rajendran Avadaiappan  
CEO

**Description:** ESG is a key industry topic, especially now that firms around the world are taking a pledge towards net zero. While there are multiple ways to be sustainable for large commercial buildings, bringing ESG into buildings of less than 20,000 sq.ft and also avoiding risks at the same time, is a little challenging. The presentation will focus on steps that can be taken to minimize carbon impact on the planet.
